OWL Reasoning
link inference
(inferring new links between individuals)
symmetry
inverses
transitivity
subPropertyOf
equivalent property
…
symbolic inference capabilities
leveraged by OWL reasoning strategy 1
type inference
(e.g. inferring new links between individuals and classes)
“is-a” subsumption
property domain & range restrictions
class descriptions
…
consistency checking
class disjointness
…
symbolic inference capabilities
leveraged by OWL reasoning strategy 2
